Oslo October 2009

AS Fellestransport, which was acquired by Greencarrier International in 2006, now takes the next natural step and changes name to Greencarrier Norway AS with effect from 1 November 2009. At the same time we consolidate the current business of Greencarrier Norway AS into the company.

The new Greencarrier Norway AS will be able to offer a broader range of services to our existing and new customers, and we will continue our development together with Greencarrier International and the other companies within the Greencarrier organization.

Apart from the name change and consolidation with current Greencarrier Norway AS, there will be no changes in AS Fellestransport. All employees will stay in the company and the company registration number and address will remain the same.

We will, however, have new telephone numbers, email addresses and web page – valid from November 1<sup>st</sup>.

Please visit [www.greencarrier.no](http://www.greencarrier.no) for detailed contact information.

We are confident that the consolidated company will strengthen our portfolio and enhance our development on the Norwegian market.

If you have any questions, please do not hesitate to contact us.

Best regards
